### **Additional information about the Learn to Skate program**

#### **Specialty Classes**

The specialty class for Snow Plow Sam through Basic Skills 4 is **Practice and Play**. Participants will engage in directed practice through instructor lead games and activities.

The specialty class for Basic Skills 5 and up is **Performance Power**. Participants will engage in instructor directed exercises to develop both power skating and artistic performance skills.

#### **Skate Rental**

There is no additional fee for skate rental. Rental skates are available at the rental window.

#### **New Skaters**

If you are new to skating, WELCOME! Please dress in layers as it is cold but with movement skaters often warm up. Gloves or mittens are recommended. Please do not wear scarves for safety.

Protective Gear is STRONGLY encouraged for new beginning skaters to wear a helmet. Adults are encouraged to wear wrist guards in addition to a helmet.

#### **Practicing**

Practicing is VERY IMPORTANT to the skater's skill development. The specialty classes will offer additional practice opportunities. In addition, please talk to our coaches about private lessons. Public skating sessions, open practice times, are offered at local area rinks. Consult the rinks for availability.

#### **Missed Lessons**

As lessons are held one evening a week, make-up lessons are not available. Lessons always are held unless the rink closes. You will be notified via email in the event the rink closes.

#### **How to advance in the sports of figure skating, speed skating, or hockey?**

Our lessons are a part of the Learn to Skate USA program. This is a national program with a graded curriculum. Our instructors are certified and professionally rated, and are well versed in teaching and developing skaters. Please consult one of them or the program director, Megan Zienkiewicz, with questions. Our goal is to ensure your skater develops skills while having fun out on the ice.

#### **What is the WFSC?**

WFSC is the Wisconsin Figure Skating Club, which runs these lessons. The WFSC is the largest skating organization in the State of Wisconsin and assists skaters in achieving their skating goals at every level and in all of the figure skating disciplines. Go to [wifsc.com](http://wifsc.com) for more information.
